

AN OBSTACLE STILL STANDS

Employees of Transit Company Want Recognition of Their Union

PEACE MUST COME SOON

Company Has Lost Ground by Its Unwillingness to Meet the Union Men on Friendly Terms

Philadelphia, Pa., March 16.—Peace is a long time in coming, but it is on the way. One big, strong, dominant figure on either side of this case might settle the matter of the car strike inside of two hours, but that figure has not arisen. Between the two warring factions there is at the present time only a small obstacle. The recognition of their union and the closed door against all non-union men.

Many Secret Conferences. Today there have been many secret conferences between men on both sides of the question and they are gradually drawing nearer to the ground upon which they must eventually meet. Whether the union will waive the restoration of the 173 men discharged or the company will consent to a return of those of the men against whom nothing has been definitely alleged, only time will show. But it is that body of 173 men who stand between Philadelphia and peace.

Peace must come; it is only a matter of how long the company can stand out against it. Its position is becoming weaker day by day and it has in no sense been strengthened by its unwillingness to meet the union men on polite and friendly terms.

The union men have the state wide strike as a weapon. Today, E. F. Greenwood, president of the state federation of labor, left for Lancaster, where he will discuss with the other leaders the question of calling out the state wide strike.

HOUSE OF LORDS OF THE FUTURE

London Chronicle Says Membership Should be From 200 to 240 Elected for 7 to 9 Years With 40 Year Age Limit

London, March 16.—The House of Lords yesterday debated the resolutions presented by Lord Roschester to reform the second chamber, but it is not likely that a decision will be reached until late tonight or possibly Thursday.

According to the Chronicle, the Liberal organ of the government, the plan for the framing of the House of Lords upon which the government will appeal to the country if defeated, provided for a constitution of the second chamber of from 200 to 240 members elected for a term of 7 to 9 years, peers or commoners above the age of forty years to be eligible for election, which will be by the present parliamentary voters grouped in larger constituencies. The plan further provides that the new chamber shall have no power in the finance, but a revisionary and delaying power of legislation, and that the difference between the two houses shall be adjusted by joint sittings.

TARIFF WAR ONE GIGANTIC BLUFF

Ottawa Government Feels That Uncle Sam Has Everything to Lose by Trade Battle with Canada

Ottawa, March 16.—The likelihood of a tariff war with the U.S., consequent upon the alleged intention of that country to impose the maximum provisions of the Payne law after March 31st as a result of the so-called discrimination of the Franco-Canadian trade convention, has aroused much comment here. The opposition is disposed to support the government and not grant one iota of concession. It is felt that the U.S., by inspired despatches, is merely putting up a gigantic bluff, but the scream of the eagle will fall on deaf ears. The consensus of opinion here on both sides is that the U.S. has everything to lose and nothing to gain by a trade battle with Canada.

Report that Purchase of Alberta Central Railroad Has Been Made for Easier Grade in Rockies.

Calgary, March 17.—According to H. H. Gaetz, ex-mayor of Red Deer, Alta., who is in the city, the C.P.R. has acquired the interests of the Alberta Central Railway, with the idea of getting an easier grade across the Rockies than the Kicking Horse Pass affords. It is said that work on this new line will be commenced this spring. It will run eastward from the coast to Red Deer, and thence to Saskatoon.

BIG STEAL OF BOUNTIES

Nine Indians and Two White Men Now Awaiting Trial at Fort Frances

SECURED \$8,000 BY FRAUD

Culprits Bought up all Wolf Pelt Possible at Nominal Prices and Presented them for \$15 Bounty on Each Head

Fort Frances, Ont., March 17.—One of the biggest conspiracies to defraud the government has been unearthed for some time developed yesterday, when Detective Greer of Toronto and Provincial Constable Campbell brought into town nine Indians from the reserve near Barwick and two white men, M. T. Cathart of Barwick and Geo. Westcott of Rainy River. Information was laid before Police Magistrate Holland and was to the effect that the persons were guilty of obtaining money from the province of Ontario under the Wolf Bounty Act knowing that they had no right to do so.

According to the police the plan was a most successful one to make easy money. The method was for one of these in on the game to go to Winnipeg, and visiting the fur buyers and fur houses, buy up all the wolf skins they could get which had been caught in Alberta or Saskatchewan, paying \$4 to \$250 for each skin. These were then shipped to Rainy River, Ont., and there divided up among the gang. In order to deceive the authorities a number of skins were scattered among the Indians, who in turn went before the local magistrate with the ears clipped off the skins, or the skins themselves, and made affidavit that they had personally killed the wolf in a certain place. This was forwarded to the department at Toronto, when a cheque would be sent back for amount of bounty to the extent of \$15 for each wolf supposed to have been killed.

In this way bounties were obtained to the extent of \$8,000, and would have been going on yet had not the department become suspicious that something must be wrong when such an unusual crop of wolves had suddenly been secured from this district.

This Alone Can Prevent General Strike of Union Mine Workers of America

Cincinnati, Ohio, March 17.—Only by advancing wages can the coal mine operators of the United States prevent a strike of the union miners on April 1, according to developments before the special convention of the United Mine Workers of North America here. The session lasted only forty-five minutes, but in that time the leaders of the men intimidated plays that more money must be paid the three hundred thousand workmen involved or new wage agreement will be signed.

JUDICIAL INQUIRY WILL BE CONDUCTED

Hons. Justices Scott, Harvey and Beck Will Sift A. & G. W. R. Transaction

ENDORSED BY ENTIRE HOUSE

Attorney-General Moved to Give Commission Full Power Under the Resolution but Consented to Several Minor Changes.

The endorsement of the entire Legislature was given yesterday to the government's resolution for the appointment of a judicial commission, composed of Hon. Justices Scott, Harvey and Beck, to investigate all matters in connection with the Alberta and Great Waterways Railway transaction.

The commission will endeavor to ascertain whether any, and if any, what officer of officers or member or members of the legislature of the province were interested in any way in the Alberta and Great Waterways Railway. In the conducting of such inquiry the commission will be possessed of such power and authority as they would have if acting as justices of the Supreme Court of Alberta. The selection of counsel to assist in conducting said inquiry will be made by the commissioners who may hear other counsel than those selected if they deem it advisable in the public interest to do so.

As the resolution now stands, after several hours debate in the House, it differs in some particulars from that introduced by Attorney-General Cross in his amendment to the Premier's resolution. The first draft showed that the government was anxious to have a commission appointed which would be free in every particular to conduct an exhaustive inquiry into the matter in question. The Attorney-General pointed this out, repeatedly laying emphasis on the fact that such was the express wish of the three commissioners. The trend of the debate made it fully apparent that the Commission was expected by some portion of the legislature to be a prosecution instead of an investigation. Not all, however, of those who have opposed the government were of the same opinion, as a full and free inquiry was sufficient to satisfy them. The Attorney-General, however, agreed to certain minor changes and the final draft was carried unanimously.

THE "STRIPPING" OF THE FILES

We have heard a good deal about the government files in connection with the A. & G. W. R. negotiations having been "stripped." The commission of judges will go fully into this matter and when it is taken up before them, the public will be in a much better position to determine whether or not any substantial grievance exists. But an analysis of Mr. Boyle's speech two days ago, which is summarized in an editorial in the Bulletin of last night, does not lead one to expect anything very startling. The Bulletin states that "at least nine papers which it must be on the files were not there." Because of their alleged absence it must very strong language, almost as strong as that in its historic article of Thursday of two weeks ago. Let us then examine its nine charges one by one.

1. "A letter from Mr. Minty says he enclosed a copy of a draft mortgage. 'The draft is missing'."

"Why should it be there? It is about as reasonable to ask a man to keep the memo which he makes preparatory to dictating a letter. There were several draft mortgages, each being worked over and altered till the completed document was arrived at."

2. "The reply from the deputy-attorney-general is not there."

The only reply called for was a formal acknowledgment of receipt. It is to be regretted that this was not sent by a busy official."

3. "Again Mr. Minty writes that he is enclosing copies of certain telegrams. The copies are not there."

Their absence has not been explained. This is a matter which will have to be cleared up before the judicial commission.

NO CONCESSIONS IN THE TARIFF

Consensus of Opinion in Ottawa is that First Attitude Taken by Government with U. S. Stand

Ottawa, March 16.—The situation with regard to the tariff controversy between Canada and the United States presents from the Ottawa standpoint a bright new development. The general consensus of opinion among the members on both sides of the House, backed by statements received from representatives of many manufacturing and industrial interests throughout the country, is that the first attitude taken by the government against conceding to the United States all or any of the concessions granted to France under the recently concluded agreement with that country is the only proper and self-respecting attitude for Canada to take, despite the imminence of tariff war. There is absolutely no sign of weakening noticeable in any quarter here.

TOFIELD FARMERS READY FOR SEEDING

Large Contracts Let for Operation of Steam Plows—Immigration is Coming in Great Numbers

Tofield, March 17.—Seeding has commenced in the Tofield district, and the exceptionally fine weather of the past week has driven all the snow away, and as there is little frost to come out, farmers in all directions are preparing to rush the seed into the ground. They are putting wheat in today, plowing and harrowing, and Tofield, Ross Creek, Barolo and Farmington sections the average this year will be double that of last. Contracts are being let for large areas to be broken by steam plows. The weather is splendid. There is no sign of a change in the advance guard of a big immigration for the Tofield district. One party of over forty, including ten heads of families have arrived. They have a special coach, five cars of houses, settlers' effects and farming implements, from Nebraska.

The town of Tofield today accepted the offer for the sale of municipal bonds at par, Tofield, six per cent. Nay and James, brokers, Regina, the purchasers. Indications of building operations in Tofield this year are plentiful. Preparations for three business blocks are under way. The Grand Trunk Pacific will build a large depot the same as at Wainwright very soon.

AN OPINION WORTH NOTING

The Calgary (Albertan) has unquestionably been the strongest and most consistent journalistic opponent of the government in connection with the A. & G. W. proposals. It now commends the appointment of the royal commission, but adds:

"The Albertan does not believe that there has been graft in connection with this transaction, at least it has learned nothing which gives that impression. It has been discussing the transaction upon its merits, and the members in the house have been discussing it upon its merits, or should have discussed it upon its merits."

The Capital believes the Albertan is wrong in many of the conclusions that it has arrived at; but it gives it full credit for raising fair issues. It is possible to meet these. But it must realize that nine-tenths of those who are carrying on this agitation are not following its methods. What has done more than anything else to bring about the present condition of political excitement is the fact that there are in most communities several dozen men, who stand about street corners, or haunt hotel lobbies or insist on dragging politics into social gatherings of a private character, and who use all these occasions to make wild charges against the personal integrity of those occupying positions of public responsibility, which they haven't a tittle of evidence to sustain. One does not wonder at their activity. Some have axes to grind; others are merely indulging their right-headedness. We have such irresponsibilities with us always and it is one of our difficult problems to deal with them. What we do wonder is that so many ordinarily level-headed people pay attention to what they say and accept as gospel truth what, when they come to investigate for themselves, they will find is founded on nothing better than idle gossip. The declaration of a paper, like the Albertan, which has given more attention to the question under discussion than any other journal in the province, and the opinions of which have been thoroughly hostile to the government from the first, should open the eyes of some of these good but easily deluded people.

THE GLOBE'S CRITICISM

The member for Camrose the other day referred to the criticism of the government made by the Toronto Globe. The Globe occasionally breaks into the discussion of subjects it doesn't know very much about. Mr. Smith should have read its article.

We learn, for instance, that Mr. Cushing's resignation was forced by his colleagues' action in taking away the portfolio of railways from him. This was done in February, 1909, and the resignation didn't come till 1910. Mr. Cross' resignation it also looks upon as "mysterious and hard to understand." No one saw any mystery in it hereabouts.

It doesn't see why the bonds should have been sold "before the legislation authorizing the construction of the railway was perfected." Evidently the Globe doesn't know that the legislation, over which all this row has arisen, was placed upon the statute books a year ago. Why, then, it may not unreasonably ask, wasn't the row raised a year ago? That's what a good many other people would like to know. Mr. Cushing and Mr. Boyle, who were both in the house and had nothing to say against it, may be able to explain.

"The situation," concludes the Globe, "would have been less unsatisfactory if the names of substantial incorporators in the proprietorship of the railway had been given to the public, and if those who represent them had not been so willing to allow, not to say invite, alterations to be made in the scheme as if to forestall hostile public opinion."

If anybody wants evidence as to the substantial character of the men in-

corporating the road, they can secure it from any commercial agency. It is evidently satisfied the Altona Steel Company, and other corporations which have recently taken over from them contracts for steel and other supplies, amounting to some three million dollars.

As to the reference about the alterations in the face of a hostile public opinion, there we have the really deft Globe touch. What the company did was simply to offer an additional guarantee to satisfy those who thought the public was not properly protected. It was under no necessity of doing this. It had started work under a definite contract. The act was a purely voluntary one and how it can be construed as making the situation less satisfactory is difficult to imagine.

The Globe had better restrict itself to "whacking Whiskey" or to preparing itself for the next hearing of the Foster bill suit. Alberta is too far away to need or profit by its motherly admonitions.

SUCH A PITTY

Finds \$3,000,000 Didn't Know He Had

Pittsburg, Pa., March 16.—Andrew Carnegie, before he decided recently to give \$3,000,000 as a fund for helping along the school teachers of Pittsburg, arose one morning to find that he had \$3,000,000 he had not thought he possessed. This worried him, and he sent for some of his advisers.

"The fellow," \$3,000,000 than I thought I had," said Carnegie, looking sad. "What shall I do with it?"
It was finally decided that he should give \$3,000,000 of it to the school teachers of Pittsburg. Plans embracing nine other cities the names of which will be disclosed later, are being considered.

Prof. John Brazeal, who represents Carnegie, has sent out calls to the teachers here asking suggestions as to how the money can be spent best in their interest.

RED TAPE

(Windsor Record)

Dynamic having failed to break the disastrous ice-jam in the Thames at Prairie Sidings, Ottawa was appealed to for help, but replied that there was no appropriation for that purpose. This recalls the story of the woman whose devotion to the social proprieties was so profound that she preferred to drown rather than be rescued by a man to whom she had not been formally introduced. Red tape is at once the bane and the mocker of governments.

PARKS MAKE BOYS GOOD

(Chicago Tribune)

"The transformation of a boy who will get into mischief just to see a fat policeman try to chase him through a small hole in a fence into an active, enterprising young American is one thing that the system of parks and public playgrounds is doing every day for Chicago."

This was the opinion expressed by Miss Mary McDowell, head resident of the University of Chicago settlement, in an address at St. Paul's Universalist church last evening.

"Another change is that of unsightly cabbage patches and real waste lands to real beauty spots," she continued. "Not only is the actual park site completely transformed but there is a tendency on the part of surrounding property owners to improve their own residences."

PIG IRON AND OTHER PIGS

(Daily Star, Toronto)

Mr. Piddling's announcement: that the iron and steel bounties will not be continued has led the politicians talking about pig iron and its kindred. To understand the connection between iron and pork, it is necessary to observe the form of the vessel into which melted iron is run. This consists of a channel, which is called the sow, and smaller laterals which are called the pigs. There the iron cools, for all the world like little pigs enjoying their daily feast around their mother.

Its majesty the pig is often coupled with the word poke (a bag), of which word "pocket" is a diminutive. It is not usual, however, to associate the familiar saying about buying a pig in a poke with that which concerns letting the cat out of the bag; yet they are associated historically. In days gone by, it was a common trick to substitute a cat for a sucking pig, and palm it off on greenhorns. If the buyer took the precaution to open the sack, he let the cat out of the bag. One of the amusing traditions about the pig is that the legion of devils entered by small holes in the foreleg, which may be seen when the hair has been carefully removed. Six rings around these holes are said to be the marks of the devil's claws which he entered the sow.

A MAN AND HIS HEART

(Winnipeg Telegram)

It is so unusual for a man to begin legal proceedings against the woman who changes her mind and decides she doesn't want to marry him that when the unusual happens people grow curious. The local press reports a Toronto suitor asking the courts to compel a Winnipeg girl to pay him \$2,000 damages because she married another man after giving him promise to the Torontonians.

It is easy to appreciate the flavor with which the young women of Winnipeg are regarded wherever they are known, and it is quite natural that when a man from another province secures the consent of a Winnipeg girl he considers himself so fortunate that an abrupt termination of the engagement is little less than calamities. But it is woman's prerogative to transfer her affections, and when she does this it is man's part to hear the blow with fortitude and start in quest of another heart. Very rarely does it occur that the disappointed swain rushes to the law court and demands the satisfaction for his wounded dignity and lacerated feelings. The average man would rather swear in private than exhibit his grief in public.

The Winnipeg woman may have to pay the jilted Toronto man—and she may not. But if she emerges a loser from the prospective legal clash she can still count herself a lucky woman. Two thousands dollars is a cheap price to pay to have escaped the dreadful possibilities of a life-long union with a man who sees so low a valuation on his affections.

EXPENDITURE IS APPALLING

Such is the Opinion of Sir George White M. P.—Wicked, Unnecessary and Useless

London, March 15.—Naval estimates presented to Parliament yesterday, and almost exactly foreshadowed in cable of January 19, are another factor making for disintegration of the ministry. Sir George White, M. P., Free Church leader, says: "It is an expenditure which is appalling, wicked, unnecessary and useless." The Daily News says:

"Both Germany and England are not alone reverting to barbarism, as Lord Rosebery told the imperial pressmen, but reverting to bankruptcy." It calls on the democrats to demand that the wild rivalry cease.

The Daily Chronicle predicts that next year's estimates will be even larger, as the inevitable price of British freedom, while the Morning Post says the spectacle of a Radical ministry driven by facts to spend millions on the navy, proves how necessary and well grounded was the naval agitation last year, which some politicians have been so anxious to discount.

Many thoughtful and peace-loving Englishmen are coming to the conclusion that the only way left to check the mad expenditure is an openly avowed policy of two British keels to every one German.

Lord Rosebery's proposals for the reform of the Lords are indignantly repudiated by the advanced wing of the ministerialists, especially because they take from the crown the power of creating peers in a parliamentary emergency.

Statements by Sir Henry Dalziel, the Radical M.P., and Rufus Isaacs, solicitor-general, are understood to mean that Mr. Asquith intends to dissolve parliament without approaching the King.

"If so," says the British Weekly, the organ of the free churchmen, "the government would perish amid the scorn of all parties."

The World of Amusement

The Frederick Villiers Illustrated Lecture, Empire Theatre, St. Patrick's Night

is sure to be a great success. During the evening, Mr. Jackson Hanby has kindly consented to sing Brahms' historic song, "The Death of Nelson," and other Empire songs; also as a complement to the day he will sing, "The Minstrel Boy to the War has Gone." Mr. Vernon Barford will accompany Mr. Hanby's singing. It is suggested that all military men attending the lecture should do so in dress uniform. Frederick Villiers' fame as a British war correspondent of many years' experience, should pack the Empire to the doors.

Novel Musical Treat.

Edmonton music lovers are due to receive one of the greatest musical treats in America with the arrival of the Martinio Band at the Empire for the first three days of next week.

The instrument used is a peculiar South American invention, and the tones produced are beautiful beyond description. The band travelled with the Harry Lauder's road show until recently and created a tremendous sensation wherever they played.

Their rendering of all the favorite classics, "Post and Preau," "Cavalleria Rusticana," etc., is simply entrancing, and in addition they play a number of Harry Lauder's latest successes. Their perfect mastery of the instrument, and the indescribable melody evolved from it, puts this band in a class by itself, in fact it is the only organization of the kind in the world, and music lovers will miss the treat of their lives if they fail to attend one of the performances.

At the Empire Theatre, This evening, the noted war correspondent, Frederick Villiers, will deliver an illustrated lecture of actual experiences "at the front" in all the most important warfares that have been waged within the past quarter of a century. The lecture will be unique, and should be as edifying as it is interesting.

Just Good Enough To Be Dangerous

If poor advertising mediums were ENTIRELY worthless they would not be dangerous! For they could not, then, make any appeal whatever to sensible advertisers.

But an advertising medium which has a LITTLE MERIT is, like "a little knowledge," a "dangerous thing." Some business men there are, always, who—for considerations of "cheapness," etc.—will either rely upon such mediums wholly, or give them an absurdly large part in their advertising campaigns.

Uniforms for Irish.

When the Edmonton fair committee goes forth in the new uniform forms they will hand over their green suits to a worthy team. The Irish-Canadian Baseball Club, newcomers in the City League, have their eyes on the suits, and what more appropriate for them than "the wearing of the green." If Manager White and Manager Bishop can come to some terms the deal will be put through.

Western 401, Keogh 398.

Bochester, N.Y., March 16—At the end of their second block in a match for the world's pool title, Chas. Weston, of Pittsburgh, led Jerome R. Keogh, the champion, by three balls. During the evening Keogh had a run of 25, then a miss, followed by a run of 4. Score for two nights: Weston 401, Keogh 398.

BERLIN'S GOOD PRESS AGENT

He Handed the Montreal Papers a
Line of Dope Before the Cup Game
that Fairly Sizzled

The Berlin Cup challenges may not have shown very much in their game with Wanderers, but that is accounted for by the fact that their best player was not in the game. This is the gentlemanly press-agent. Pass your eye over this line of dope that he sent to the Montreal Herald last Friday:

"Throughout the length and breadth of this beautiful northern country of ours, hockey, our national winter pastime, has not a more ardent body of admirers and supporters than are to be found in Berlin, Canada's greatest town, situated in the centre of one of the richest farming districts in the world, check by jowl with a dozen other prosperous towns and cities, it sells the greatest manufacturing centre of its size in America. Berlin has for years been celebrated for the excellent brand of hockey furnished to the patrons of this noble pastime.

"The Dutchman have succeeded year after year, sometimes under very discouraging conditions, in keeping the public interest at fever heat. They are the only western team who can claim the distinction of defeating the almost invincible Wanderers who were on tour after wrestling the famous Stanley Cup, emblematic of the world's championship, from Kenora 'Huslies, who at that time were acknowledged to be the speediest team in the game. Berlin had a good team at that time and it was no disgrace to them to then players to say that today, working from the nucleus which they then had, they have succeeded in getting together a team which they can with all confidence pit against the matchless Wanderers who now enjoy the distinction of being the world's champions once more.

The writer has seen the Wanderers in action a good many times and while freely acknowledging their prowess in speed, headwork and team play, will say with all confidence that in none of these things do they excel the team which has the honor to represent Berlin in this coming Stanley Cup series. Can the Wanderers succeed in holding the Cup? Possibly, but it will only be after two of the most sanguinary battles in which their players have ever engaged."

And so on and so forth.

LACROSSE IN CALGARY

It is Reported that the Northern
District Will Comprise Edmonton,
Scona, Lacombe and Red Deer

A Calgary Daily News reporter learned on good authority last night that the Provincial Lacrosse League would probably be divided into two districts this year, the North and the South, the North district to be made up of Edmonton, Strathcona, Lacombe, and Red Deer; while Nanaimo, High River, Lethbridge, and two teams from Calgary would comprise the southern division.

The Calgary lacrosse club will be one of the Calgary clubs for certain, and negotiations are on to form a second team of players from the St. Mary's and Tiger Clubs. This matter will be decided in a few days and the league will be formed at a meeting to be held on Good Friday in this city.

WESTERN CANADA LEAGUE MEETS ON SATURDAY

President Eckstrom Has Called Meeting for March 19
at Moosejaw

TO ELECT OFFICERS AND DRAFT SCHEDULE

Prospects Look Bright for 1910—Saskatoon Will Apply for Membership—
The Winnipeg and Brandon Matter Will be Decided—The Axe
for Mr. John Cousins, the Self-Appointed Secretary—Club
Managers for This Season

President Eckstrom of the Western Canada League has called a meeting for Saturday next, March 19th, at Moose Jaw, when officers will be elected for the year, and a complete schedule of games framed up.

In connection with this meeting there is a man named John Cousins who should be severely sat upon and that is John Cousins of Winnipeg, past year secretary of the Winnipeg team. Mr. Cousins is very keen on securing the position of secretary of the league, and in fact has canvassed several teams for their support. In the course of his later letters to different magazines he acted as though he had received the appointment as secretary and called a meeting to take place yesterday at Brandon. The Calgary papers are very hot against this self-appointed gentleman and the Lethbridge Herald has this to say:

"John Cousins, known as the business manager of the Winnipeg ball club of last year, certainly has nerve to burn. What do you know about this? He has appointed himself secretary of the Western Canada League, called a meeting, dictated instructions to the officials and clubs, and in general has made himself a very officious person in the twilight league matters. It was he, undoubtedly, who has been sending out numerous despatches from Winnipeg of late with the intent to knock the real officials and boost himself. Of course, those who know the fellow do not take him seriously. The political hater is typical of his type. He is a baseball fan, and a good one, but that lets him out. He applies to be a big bug in the baseball world, but the chances of him reaching the height of his ambition are exceedingly slim. He wouldn't make a hit in a thousand years. Get back to the bleachers, John, where you belong."

But Mr. Cousins will probably get his on Saturday. All the clubs are expected to have representatives at Moose Jaw and the schedule and final make-up of the league will be decided upon.

The Matter of Averages.

Owing to the neglect of certain officials to send in the scores of several games there can be no averages prepared for the players of the Western Canada Baseball League last year. This is a great hardship to the players and several clubs are left without any idea of how they stood in batting, fielding or pitching.

When a ball player is after a new job, the only credential he has is his averages for previous seasons. The default of several officials scores to do their work properly will just mean a season wasted for about 75 players in this league last year.

The Calgary Herald says very wisely:

"The one great reason why scorers neglected to send in the score forms, was because in several places they received no remuneration for their services, and proper places for scoring were not furnished by the management. In other places the scorers proved incompetent and owing to the fact that no one capable of performing the work could be secured, the clubs were compelled to put up with whatever was handed out. Secretary Lamb, previous to leaving for the coast, wrote to the writer that only a small percentage of the scores of games had been received by him, and it would be practically impossible to prepare a table of averages for the year 1909.

"This is one matter of importance that should be handled without chicanery at the meeting to be held on Saturday at Moose Jaw, and preparations made to have the scores submitted to the secretary immediately after the game."

WON'T RELEASE JIM ARCHER

Even if Johnny Kling Returns to the
Chicago Cubs, the Toronto Catcher
is Sure of Being Retained.

Chicago, March 12.—There is some speculation as to which one of the Chicago National catchers will be given the yellow envelope should Johnny Kling come back. The possibilities are, however, that Kling in a pinch might be traded before any of the rest should an opportunity present itself to strengthen the team in some other department. Archer made good to such an extent last year that no fear need be felt about the backstop department. Even if Kling should come back Archer will be in the game pretty much just the same. Archer can be depended on, so it looks as if Neelhan might be considered the superfluous catcher when the wedding-out process starts. As New York is weak in the backstop department, it is possible that Tommy might find a berth with the Giants.

Barney Broke His Former Record.

Dapton, Ill., March 15.—Barney Oldfield, with his 200-horsepower Bents, today drove a mile in 27.5 seconds, beating the world's record.

Lalonde Leads N.H.L.

"News" Lalonde, by shooting nine goals in the last hockey match of the season against Cobalt, will quite easily lead the National Hockey League scorers. Renfrew won by 15 to 4. There were several changes on the Millionaire team, Larry Gilmour and Hogan replacing Frank Patrick and Rowe. Newsy has 34 goals to his credit, while Russell follows closely with 32.

HONOR ROLL AT DETROIT

Cosmos, of Chicago, Won the Fives—
High Score was 2880—Samaritans
Ran Second With 2878

Detroit, March 16.—The Cosmos, of Chicago, won the \$800 prize for first place in the five-man team event of the tenth annual tournament of the American Bowling Congress, last night. That event was finished last night, and after about four hundred teams rolled, the 2,880 of the Chicagoans was still good enough to carry off first money.

The Samaritans, of Wheeling, West Virginia, finished second, with 2,858 and received \$657.

The O'Learys No. 2, of Chicago, rolled next with 2,833, and carried away \$85. Eighty prizes were distributed in this event, and the eighth team drew \$62. The Cosmos 2,880 was 82 pins behind the 2,862 record for the tournaments, established by the Lipmans, of Chicago, at Pittsburgh last winter.

Fourteen Detroit teams shot today, and the best score was made by the Cadillac with 2,797, which gave them ninth money. The Kokos, of New York, took fourth prize, \$280, with 2,831. The Liberties of Rochester, got tenth money, \$300, with 2,789.

I.C.S. Did Very Well.

Trinity College School, of Port Hope, had a successful hockey season. The boys did not land the junior inter-collegiate, but they won the inter-school championship by beating St. Andrew's College 8-2 and 4-0. Upper Canada defeated Trinity. The league is now over for the season, but with better luck next year Trinity College will be there or thereabouts.

LOOKS LIKE LACROSSE, NOW

A Number of New Players are Here
From Ontario Towns, Orillia,
Markham, etc., Where the
National Game Thrives

Every day brings some new lacrosse player into town, and it looks as if the locals will have a strong aggregation. The men are watching the ground dry up with great gusto and the management expect to have a work-out in a week or so. Among the new men are H. G. Wilson of the Windsor Hotel, who formerly played on the Markham team with Bobby Pringle. Another newcomer is Buchanan, while of the old stalwarts the following are still in town and available for this season: Jones, Powers, Bolander, Waugh, Bill Hanford, McCann, Leask, Smellie, Lister and Anse Young.

Attell-Driscoll Match.

San Francisco, March 15.—Promoter Coffroth last night signed Abe Attell and Jim Driscoll of England to fight 25 rounds at Colma on the afternoon of July 2. The weight will be 126 pounds. Coffroth counts on getting a large crowd of visitors who will be in the city to see the Jeffries-Johnson fight on July 4.

Baseball Magnate Passed On.

Denver, Col., March 15.—Col. John I. Rogers, of Philadelphia, former part owner of the Philadelphia National League Club, died of apoplexy in his apartments at the Brown Palace Hotel here yesterday. The attack resulted from a trip that Rogers made to Alma, Col., to inspect some of his properties. The rarified air of that high altitude affected him.

JUDICIAL ENQUIRY

(Continued from Page One)

It is resolved that the Lieutenant-Governor in Council be requested to appoint a commission consisting of the Hon. David Lynch Scott, Hon. Horace Harvey and Hon. Nicholas Dominick Beck, three of the justices of the Supreme Court of Alberta, to make such inquiry and that the said commission have all the powers and authority mentioned in Section 2 of the act respecting Inquiries Concerning Public Matters, being Chapter 2 of the Statutes of Alberta, 1908, and in addition such powers and authority as the said commissioners would have if acting as justices of the said court in relation to a cause or matter in the said court and to make a report to the lieutenant governor in council in respect of the matters hereinbefore recited for the information of the legislature.

In presenting his resolution to the approval of the house, Mr. Cross stated that it had met with the full approval of the judges, and, he thought, should therefore be passed unanimously by the house.

Mr. Bennett now took exception to the preamble of the resolution, and said that not only should the specific contract be inquired into, but also what he termed the "collateral circumstances" surrounding the creation and organization of the corporation.

"I can start with my friend from Peace River in 1905," said Mr. Bennett, "and bring him down to date showing his connection with this company, not by my say so, but by letters and documents. That's what I call collateral circumstances, and they have nothing to do with the actual act."

The Attorney-General thought the resolution wide enough as it was, but said he was willing to change it to suit any member of the house, and thereupon Mr. Bennett withdrew to fix up the wording of the resolution.

When they returned the house went into committee of the whole, and discussion there ensued as to the appearance of counsel before the commission.

"This resolution would now be perfectly acceptable to the whole house," said Mr. Boyle, "provided they give us the right to be represented by counsel. If we get this we'll be perfectly satisfied."

Cross: "The judges have asked that they be given the right to select counsel to be before the inquiry."

Boyle: "Well, if the commissioners are willing may we have our own counsel?"

Riley: "If we had been told before that we would not be allowed to be represented by counsel, it would have saved time. We can't support this resolution as it is now."

McKenzie: "Who are we?"

Riley: "The people of the province. If the honorable member from Claresholm goes back to his constituents he'll find out who we are."

Cornwall: "Oh, cut it out!"

"Here, this is getting absurd," said Mr. McKenzie, "If we keep on all the we's will be represented."

"The government doesn't want to appoint counsel," said Hon. Danman Marshall, "we're willing to leave it to the judges."

Boyle: "That's what I want."

Marshall: "All right, put it in."

Cross: "Yes, do."

So the words "the commissioners shall have the power to select their counsel" were added.

Another lengthy discussion then ensued over whether the words "and said commissioners may hear other counsel than those selected if they deem it advisable in the public interests to do so."

Mr. Cushing pointed out that the judges would still have the right to refuse if they wished, and Mr. Puffer said that he couldn't see why any objections should be made to adding those words.

After the automatic adjournment from six to eight o'clock, Mr. Cross announced that the government would agree to a clause empowering the commissioners to hear other counsel than those they selected if they should

TIME IS SHORT MAY BE WORTH A GOOD DEAL TO YOU

Further Light on the Clubs.

In answer to a question from a candidate we will state that there is no limit to the number of clubs a contestant may run in. If the amount is \$50, that would be considered two clubs, and would entitle the one bringing in the money to two certificates of 20,000 each, in addition to the regular schedule of votes. It is not necessary to bring or send the \$50 at one time. Turn in \$24 today, \$2 or \$3 or \$4 tomorrow, any amount the next day or any time before the close of the contest. The contestant's books will show the total, and when it reaches \$50 the 20,000 certificate will be issued. If, at the end of the contest, the balance is over \$50 and not a \$50 certificate for 12,000 votes will be issued; if over \$100 and not a much as \$50, 5,000 extra votes will be given. In other words, any amount over \$50 entitles a candidate to extra votes.

A Correction.

Yesterday's publication of the score contained an error in District No. 3. In some manner, apparently unexplainable, the figures in the standing of Miss Somers and Miss Chamberlain were transposed. Another Resolution

Mr. Smith, Camrose, gave notice that on Friday next he would move the following resolution:

"Whereas the government has proposed to appoint a royal commission to inquire into all the circumstances surrounding the agreement with the A. & G. W. R. and the sale of the securities of the said company by the province."

"And whereas it is not desirable to have work continued on the part of the said company while the future of the enterprise is uncertain."

"Therefore be it resolved that this house entreat the government to stop all proceedings in connection with the building of the above said road until the finding of the said royal commission is laid before this legislature."

With the appointment of a judicial commission to inquire into the A. & G. W. R. transaction the supposition is that the "scissors" now before the house will be advanced without delay until the close of the session.

The order paper this afternoon, however, will give every opportunity for argument in case the insurgents desire to take advantage of it. Under the government motion, Premier Balfour will introduce his resolution which was held over from last week, to appoint a railway board, composed of John Stokes, deputy minister of public works, R. W. Jones, government railway engineer and the Premier of the province.

In opposition to this resolution Mr. Smith, Camrose, will introduce a motion that the government stay all proceedings in connection with the building of the said Alberta and Great Waterways Railway until an independent commission free from all political control with such powers and duties as may hereafter be fixed by the legislature in connection with the building of the said road in order that the interests of the province might be protected.

Tomorrow also has a possibility of disturbance. Mr. Smith will move that the operation of the road be entirely detained until the commission has reported to the government on the result of their investigations.

The estimates may be expected to be brought down any day as the Premier has given notice that a Saturday session will be held. Such an event, without the public accounts being under discussion is unprecedented.

between himself and J. S. Morgan & Co., so that the government would know at what price the bonds were sold, and Mr. Clark showed the original agreement to Mr. Woods in Edmonton, and Mr. Woods after reading over the agreement, copied out clause 2 of the agreement which concerns the amount to be paid by J. S. Morgan & Co. for the bonds to Clarke, namely, par Canadian terms, and Mr. Woods

initialled this copy of clause 2, and the copy so initialled is on the files; not apart from this there never has been any copy of the agreement or original sent to or received by either Mr. Woods or any officer of the government.

So this is what these "outrages" of which we have heard so much, amount to. Is there anything in these charges to justify the statement that our constitutional safeguards are impelled?

The most they indicate, apart from number three, which must be considered later, is that certain officials, who are known to work a great deal harder and to have accomplished a great deal more in the public interests than most government officials, are in the habit of doing, were too busy to attend to matters of slight or of no importance in the excessively formal manner that we are accustomed to from those who are always seeking something to put in their time at and to justify their retention on the pay-roll. To flourish these charges and to declare that an attempt on our dearest liberties has been made is nonsense.

So this is what these "outrages" of which we have heard so much, amount to.

WESTERN CANADA LEAGUE MEETS ON SATURDAY

(Continued from Page Three.)

that in all probability will neither draw at home or abroad.

The league magnates should consider the proposition from all points before allowing any newcomer to enter.

Deacon Will Represent Us.

Deacon White and probably one of the directors will represent Edmonton, at Moose Jaw and will look after the interests of the local club. Brandon have claimed Morrell, but Deak has a letter from Mr. Brown of Vancouver, who has control of Morrell, saying that the fleet outfielder will play in Edmonton and no place else.

The Managers for 1910:

Edmonton—Deacon White.
Calgary—Bill Carney.
Lethbridge—Chesley Cox.
Medicine Hat—Billy Hamilton.
Winnipeg—Harry Lohr.
Regina—Roxey Walters.
Moose Jaw—F. Taylor.
Brandon—C. Tracer.
Saskatoon—J. W. Brown.

MONUMENT TO JAKE SCHAEFER

The Famous Billiard Player was Buried in a Vault at Rose Hill Cemetery Yesterday.

Chicago, March 15.—The body of Jacob Schaefer, the "Wizard" of the cue, was laid in a vault at Rose Hill Cemetery yesterday. The burial was deferred until arrangements are completed for a monument, which is to be purchased by billiard players of the country, at which time a lot will be selected. Probably never before has the funeral of a billiard player drawn such wide attention as did the last services over Schaefer. Prominent players and proprietors from all parts of the country attended the services.

If Jack lost his temper he probably could help doing what he did, Calahy?—Ralph.

OVER SIXTEEN YEARS AGO

Description of a Double Header in Which the "Big Four," Kelly, Keeler, Brothers and McGraw Took Part

A Baltimore newspaper dated Sept. 4, 1894, has a leading head-line "Wild Over Baseball," and a description of a double-header before a crowd of 35,000 people, the largest that ever assembled in the home of the Orioles and who saw the Baltimore team take two games from the Cleveland aggregation. The first contest was won by a score of 13 to 2, and the second game went six innings, Baltimore winning 16 to 3.

How They Batted.

The batting order of the two teams was:

Baltimore. Cleveland.
Kelley, i. f. Childs, 2b.
Keeler, r. f. Burkett, i. f.
Brothers, 1b. McKen, ss.
McGraw, 3b. Tabern, 1b.
Brodie, c. f. McGarr, 3b.
Reitz, 2b. McAker, c. f.
Jennings, s. s. Blake, r. f.
Robinson, c. O'Connor, c.
Hawk, p. "Cy" Young, p.
Esper, p. Sullivan, p.

The score gives evidence of the remarkable slugging powers of the mighty Orioles. Sullivan, who pitched the first game for the Cleveland team, was reported to be a good twirler, but Joe Kelley, the present Toronto manager, got four hits off him. Keeler and Brodie each two. Reich and Jennings had to be content with one each. Robinson got two safeties. Against "Cy" Young Kelley got five hits out of as many times up; Keeler four, Brothers and McGraw each three, Reitz and Hawke each two, and Brodie, Jennings and Robinson, one.

Of Kelley's hits, four were two-baggers and three would have been home runs had it not been for ground rules on account of the crowd.

Kelley had a batting average of 1.000 per cent, in the two games, nine hits in nine times up, seven of them for extra bases. That was sixteen years ago, but Kelley can still hit the ball, and his throwing arm is as good as ever, though he has slowed up greatly on his feet.

GIVE UP, ALF. SHRUBB

Firm of English Publishers Complain that Auliffe has Been Infringing Their Copyright

Toronto, March 16.—Health and Strength, Limited, of London, England, has entered action against Alf Shrub, the Amalgamated News Agencies and the Imperial News Co., all of Toronto, to recover damages for alleged infringement of copyright in the book known as "Running and Cross Country Running." They complain of the publication of "Long Distance Running and Training," and the plaintiffs want an account of sales of this book and demand that all copies be handed over to them.

KETCHELL WILL MEET KLAUS

Two Middleweights to Battle in Pittsburgh One Week from Today—Both in Good Shape

Pittsburg, March 16.—Stanley Ketchell will meet Frank Klaus of this city at the Duquesne Gardens here one week from tomorrow night. The date has finally been decided after a number of postponements, because Ketchell said he could not get in condition. Ketchell and his backers are on their way from Hot Springs to Pittsburg, and are expected to arrive tomorrow afternoon. He will be quartered at the Oakland Athletic Club, where he will train. Klaus is training in New Jersey.

English Poloists Win.

San Francisco, Cal., March 15.—The Englishmen defeated the All-American polo team at El Cerrito today by the score of 8 to 2. It is estimated that the followers of the Americans lost \$20,000 on the result. The American players were clearly not at their best and had no chance against the well-trained English players.

As ever, though he has slowed up greatly on his feet.

SPARKLETS

Glints From the Sporting Anvil

The Calgary pro nine will play their first games in Seattle on April 16 and 17. Bill Carney is filling in the gaps and by the fifteenth of next month will have his team pretty well selected.

Already over \$400 has been subscribed by Kingston citizens to purchase trophies for the little fellows who have just won the O.H.A. junior championship. It is hoped to be able to give each of the boys a gold watch.

Word comes from Pittsburg that Camnitz, one of the star pitchers of the Pirates, has issued an ultimatum that he will not play with the team this year unless he gets an advance of \$800 over the amount his contract stipulates. It is said that he is envious of the big salary offered "Tabe" Adams, who did so much to win the world's championship series from Detroit last year.

The international Marathon running honors seem to be the inherent property of foreigners. Since Johnny Hayes won the kingship of the twenty-six miles at the London Olympiad in 1908 Americans have had but a brief claim to the title.

A six day professional race will start at Olympic Park, Newark, on Monday, March 28, ending April 2. The runners will include Carl Niemmin, of Sweden, who recently defeated Dinneen, of Boston.

The Caledonian Football and Athletic Club is holding a general meeting in the Separate School Hall on Friday at eight o'clock. The meeting is called for the purpose of making arrangements for the coming football and sports season.

Game on Good Friday.

Edmonton basketball team will play Calgary in Edmonton on Good Friday. There has been some talk of changing the local line-up, but many who have heard of this proposition advocate playing the same team which defeated Edmonton in this city on New Year's eve.—Herald.

Crist's "Rolls" Practise.

The home professionals, or part of Charlie Crist's baseball team, were out on the field yesterday afternoon for a game. A short workout was indulged in, and the boys seemed to enjoy it immensely. The ground now is in fair shape for games and fans may expect to hear something in that direction in the near future.

A New Umpire.

President Eckstrom is said to have a line on a capable umpire for the Western Canada League, whom he spotted while in California. He is believed to have several changes in management to suggest to the league at their annual meeting.

British Government Controls Supplies—Will Keep the Funds in the Hands of the Commons

London, March 16.—The ministers yesterday adopted a new device in the war between the Lords and Commons by asking parliament to vote supplies for six weeks only, instead of from four to six months, as has been the practice for the last fourteen years.

The fact is not concealed that this device is intended to keep the power of the purse in the hands of the House of Commons in readiness for a fresh constitutional crisis, which is expected in the month of May, when the Lords probably will reject the resolutions curtailing their power of veto, so as to bring about the resignation of the government.

If supplies were voted for six months, Mr. Balfour could then take office and carry on the government, but with the necessity of coming to the House of Commons for a new vote on supply he would be defeated.

The Conservatives in the House of Commons indignantly denounced the government's action as "a shabby trick in its policy of evasion and chicanery." The representatives echoed this sentiment. Chancellor Lloyd George frankly admitted that it was his intention thus to keep effective control over the finances and it is understood that the Laborites and the Nationalists will support the government.

Ottawa Aerodrome Demolished.

Ottawa, March 16.—The Lohner aerodrome No. 1, invented and built by Geo. Lohner, a German resident of Ottawa, yesterday met disaster while being taken out of its shed for trial. It was turned over by a gust of wind and practically demolished.

About Town

The building permit for the new Seventeenth street school was taken out today.

G. W. Murray, and wife, leave on Saturday for St. John, N.B., where they will board the Empress of Ireland for a tour of the Old Land.

At the Alberta—Mrs. J. D. Bigham, Lavo; W. A. MacLeod, Winnipeg; E. N. Drake, J. Kennedy, Calgary; C. J. Atkinson, Winnipeg; G. P. Stockton, Toronto; D. J. Wright, Winnipeg.

Hallier and Aldridge, the Jasper street confectioners, have taken out a permit from the building inspector's office for the erection of a \$4,000 bakehouse in the rear of their present premises.

Frederic Villiers will be honored at his lecture on "Pictures From Many Battles," in the Empire Theatre, this evening, by the attendance in military uniform of officers and members of the local regiment. Major Carstairs has arranged that the lower boxes be reserved for the recruits.

The monthly meeting and tea under the auspices of Christ Church ladies, and the time called "Talent Test," will be held at the residence of Mrs. Duncan Smith, 625 Thirteenth street, on Friday afternoon from four to six. The hostesses will be Mrs. G. Morris, Mrs. G. S. Kirkpatrick, Mrs. Robert Kerr and Mrs. Duncan Smith. All interested in Christ Church are cordially invited.

Owing to the dirty condition of the streets, the street sweeping department is to get busy right away. The sweeping will be done after one o'clock in the morning, and as it will be impossible to sprinkle the streets owing to the fact that the water would freeze before morning, some little dust is liable to result. However, as nearly everybody will be off the streets at that time of night, no serious discomfort should arise.

At the King Edward—J. P. Mount, Chicago; J. M. Colman, Chicago; A. T. Walker, D. G. Markle, Lamont; Chas. Gordon, Vegreville; H. C. Moore, Chatham, Ont.; E. F. Stephenson, Winnipeg; F. A. Morrison, Vegreville; G. Darby, Paris, France; H. Ross, Winnipeg; J. A. Dart, V. C. Maddock, Winnipeg; Mrs. E. E. Lister, Mrs. W. H. Brixton, Landis; Mrs. H. C. Lavo, and Misses Florence and Sylvia and Master Arthur Langer, Sumner, Wash.; C. H. Richardson, W. W. Sparrow, F. B. Standford, Vancouver; S. H. Roe, Calgary; H. M. Lee, Ponoka; Fred H. Bryson, Calgary; Fred V. Peacock, Viking; A. Wimbles, Wolf Creek; J. W. Morton, Tofield; Mrs. H. C. Durban, Athabasca Landing; J. E. Kennedy, Winnipeg; H. V. Venning, Toronto.

THE JUDICIAL COMMISSION

It has been finally determined that a judicial commission is to investigate the question whether members of the government or the legislature were directly or indirectly interested in the A. & C. W. transaction. The resolution provides for the fullest and freest inquiry. After much discussion certain changes were made but these are not of a character to justify the extraordinary language used in this morning's Journal to the effect that the insurgents forced important concessions and that the result was a complete insurgent victory.

A study of the two resolutions shows of what little significance the changes are. The original read that the commission should enquire as to whether members of the government or legislature were "peculiarly" interested or not. This word was struck out, at Mr. Bennett's request, though in view of the charges of graft made on the street corners the move is a somewhat peculiar one. If "pecuniary" interest cannot be proved, the proof of what other kind of interest will condemn the government or any of its supporters? The word "interest" must mean "pecuniary interest" in the resolution, so that this change can mean nothing. Nor do the additions of the three other phrases in the preamble. "There was no harm in accepting them, but they add nothing to the strength or meaning of the original.

At the conclusion of the resolution, this clause was added:

"The selection of counsel to assist in conducting said enquiry shall be made by said commissioners, but said commissioners may hear other counsel than those selected if they deem it advisable in the public interests to do so."

The original idea was simply to leave the selection of counsel to the judges. Where the government appoints counsel, there is always a howl that someone is being paid to do its dirty work. In this case, very wisely, it was decided to leave the whole onus on the investigating judges. Mr. Boyle, however, desired to make the resolution read that the commissioners "shall" hear other counsel. If they were forced to hear any counsel, who could lay any claim to representing an interest which should be heard, the proceedings might become complicated and prolonged to a very serious extent. It would not be at all surprising if they had refused to undertake the duties at all under these conditions. So the resolution was made to read that they "may" hear other counsel. This leaves the responsibility with the judges, who may be depended on to go into the whole matter thoroughly and expeditiously.

Funeral of Late Mr. Morris.

With full military honors, the remains of the late James Morris were laid to rest in Edmonton cemetery this afternoon.

Simple yet impressive services were held at the residence on Fraser avenue. Archdeacon Grey, chaplain of the most Fusiliers, and Rev. C. A. Myers, pastor of Westminster Presbyterian Church, officiated.

"B" company, most Fusiliers, guarded the body on its last journey, and in the cortege, besides the friends and relatives, were also representatives of the Masonic lodge.

At the cemetery, as the remains were lowered, the military guard fired "taps," and the last salute was sounded over the grave.

F. A. Morrison, Vegreville, is registered at the King Edward.

(Continued from Page One)

for the C.N.R., stated in a communication to the board that overcharges and delays in freight shipments, and many similar complaints, are due in a measure to improper descriptions on the bills of lading. The matter was referred to the transportation committee.

The banquet which was to have been held tomorrow evening under the auspices of the Board of Trade has been indefinitely postponed.

The Evangelical Church were asking the possibility of obtaining a free site for the establishment of a Norwegian college. This letter was handed over to the University authorities.

The prevention of sidewalk obstruction during the progress of building came up before the board and R. W. Lines, a member of the committee of architects and builders, stated that they had recommended it be made compulsory for contractors to build raised sidewalks six feet above the ground and rooted in, in all cases, where it would otherwise be necessary to obstruct the thoroughfare on one side of the street.

The following new members were elected: M. M. Hamilton, H. Goldberg, Joseph Kelly, Mr. Robertson of the Alberta Lumber Co.

THE DAY IN STRATHCONA

Budget of News from the City on the South Bank of the River

Mr. Dan Alton is home again after a month's business trip in B.C., chiefly at Vancouver and Victoria.

Mrs. H. E. Gordon returned home today from a three months' visit with relatives in Manitoba.

Rev. J. M. Miller will deliver a lecture in Knox Presbyterian Church on Friday evening at eight o'clock. The subject will be Shakespeare's "Julius Caesar." Mrs. Duden of Edmonton will give several readings as well. There is no admission fee, but a collection will be taken.

During Easter week the ladies of the Hospital Aid contemplate giving a ball.

Work has been commenced on the Alberta College building on the University grounds. This work will be pushed forward with all possible despatch and it is expected the building will be ready for occupation by fall. The new building is situated one block south of the University Arts building. The contemplated cost of the structure when complete is \$100,000.

In the Mills Block at the corner of Whyte and Main streets, Mr. T. P. Malone has opened up for business. The store has been renovated and presents a very good appearance. Mr. Malone has added materially to his stock on account of now having larger premises and is ready to continue his general merchandise business.

Mr. D. Ghormly has moved to the house on the corner of First street west and First avenue north.

In the Methodist Church Rev. R. Pearson will preach tonight, and Rev. Dr. Riddell of Alberta College will preach on Friday night in connection with the special meetings being held in the church during the week.

Strathcona council met on Tuesday night. Present: Mayor Duggan, Aldermen Tippen, Lundrum, Donnan, Polford, Busch, Condon, Calder, Richards.

The return of Ald. Donnan to the last vacant chair in the council.

Correspondence

Letters are still being received offering to dispose of any new issue of debentures that the city will make. Dr. Archibald, medical health officer, wrote making recommendations as follows:

1. That since measles are at the present time prevalent in the city and many cases are not employing a physician or under quarantine, that the school teachers be instructed to report cases of sickness to the chief of police and that he find and report them.

2. That, in view of bad sanitary conditions in the city a sanitary inspector be appointed at once who shall devote his whole time to the work.

3. That residents on streets which have water and sewer lines should be compelled to make connections.

4. That a small isolation hospital be arranged for in the city.

The letter was referred to the board of health.

J. M. Eaton desires that the council would meet his requests since he desired to proceed with his contract and complete the building as soon as possible. After due consideration the council again referred this matter to the fire and light committee.

A petition was received for sidewalk and boulevard on the north side of Fourth avenue, north along blocks

Ald. Lundrum gave notice that he will introduce a by-law setting that vacant lots having water but no sewer lines should not be assessed for water rates.

Ald. Richards suggested to the public works committee that several pieces of sidewalk on Whyte avenue should be renewed. Left in the hands of committee.

A by-law was introduced for the reorganization of the board of health.

Moved by Ald. Bush seconded by Ald. Richards that a pound keeper be appointed by the market and parks committee.

Tenders are to be received for summer scavenging from April to November.

Council will meet to prepare estimates for the coming year later in the week.
